#### II. Incremental COVID-19 Costs and Savings

Through May 2020, the Company has experienced incremental costs related to protecting employees and customers during the pandemic and ensuring continuity and quality of service to customers in a safe manner. These costs are described further below:

- **Waived customer fees:** On March 21, 2020, the Company waived all late-payment fees, return check charges, and reconnection fees.
- **Bad debt/customer charge-offs:** In order to protect customers that are expected to be impacted by the economic downturn of the pandemic, no disconnect for non-payment orders were implemented by the Company beginning March 13, 2020. The resulting increase in customer balances and challenging economic environment are expected to impact customers’ ability to pay utility bills. The Company will continue to monitor this impact.
- **Employee stipends:** Certain eligible employees of the Companies received a one-time cash payment of \$1,500 to help with unplanned expenses associated with COVID-19.

- **Employee safety-related costs:** The Company has provided, and will continue to provide, employees with the appropriate personal protective equipment to facilitate the continuation of work for customers in a safe manner. Additionally, Piedmont incurred incremental costs associated with cleaning supplies, health care, as well as testing and temperature checks.
- **Costs for remote work:** In order to facilitate employees working remotely to protect their health and safety during the pandemic, the Company incurred incremental costs associated with expanded conference line capacity, increased network bandwidth, other required information technology improvements, expanded video conferencing licenses, and increased company cellular telephone and data usage.

Piedmont has also included below certain estimated savings through May 2020 directly related to COVID-19 from reduced employee expenses due to travel restrictions and postage/print savings due to not sending disconnect letters.
